General Assembly

Distr.: General

Seventy-third session
Agenda item 63

Resolution adopted by the General Assembly on 7 December 2018

[*on the report of the Special Political and Decolonization Committee (Fourth Committee) (A/73/532)*]

73/116. Question of Pitcairn

The General Assembly,

Having considered the question of Pitcairn and examined the relevant chapter of the report of the Special Committee on the Situation with regard to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples for 2018,[1]

Taking note of the working paper prepared by the Secretariat on Pitcairn[2] and other relevant information,

Recognizing that all available options for self-determination of the Territory are valid as long as they are in accordance with the freely expressed wishes of the people of Pitcairn and in conformity with the clearly defined principles contained in General Assembly resolutions 1514 (XV) of 14 December 1960, 1541 (XV) of 15 December 1960 and other resolutions of the Assembly,

Expressing concern that 58 years after the adoption of the Declaration on the Granting of Independence to Colonial Countries and Peoples,[3] there still remain 17 Non-Self-Governing Territories, including Pitcairn,

Conscious of the importance of continuing the effective implementation of the Declaration, taking into account the target set by the United Nations to eradicate colonialism by 2020 and the plans of action for the Second[4] and Third International Decades for the Eradication of Colonialism,

Recognizing that the specific characteristics and the aspirations of the people of Pitcairn require flexible, practical and innovative approaches to the options for self-determination, without any prejudice to territorial size, geographical location, size of population or natural resources,

Convinced that the wishes and aspirations of the people of the Territory should continue to guide the development of their future political status and that referendums, free and fair elections and other forms of popular consultation play an important role in ascertaining the wishes and aspirations of the people,

Concerned by the use and exploitation of the natural resources of the Non-Self-Governing Territories by the administering Powers for their benefit, by the use of the Territories as international financial centres to the detriment of the world economy and by the consequences of any economic activities of the administering Powers that are contrary to the interests of the people of the Territories, as well as to resolution 1514 (XV),

Convinced that any negotiations to determine the status of the Territory must take place with the active involvement and participation of the people of the Territory, under the auspices of the United Nations, on a case-by-case basis, and that the views of the people of Pitcairn in respect of their right to self-determination should be ascertained,

Noting the continued cooperation of the Non-Self-Governing Territories at the local and regional levels, including participation in the work of regional organizations,

Mindful that, in order for the Special Committee to enhance its understanding of the political status of the people of Pitcairn and to fulfil its mandate effectively, it is important for it to be apprised by the United Kingdom of Great Britain and Northern Ireland as the administering Power and to receive information from other appropriate sources, including the representatives of the Territory, concerning the wishes and aspirations of the people of the Territory,

Aware of the importance both to Pitcairn and to the Special Committee of the participation of elected and appointed representatives of Pitcairn in the work of the Committee,

Recognizing the need for the Special Committee to ensure that the appropriate bodies of the United Nations actively pursue a public awareness campaign aimed at assisting the people of Pitcairn with their inalienable right to self-determination and in gaining a better understanding of the options for self-determination, on a case-by-case basis,

Mindful, in that connection, that the holding of regional seminars in the Caribbean and Pacific regions and at Headquarters, with the active participation of representatives of the Non-Self-Governing Territories, provides a helpful means for the Special Committee to fulfil its mandate and that the regional nature of the seminars, which alternate between the Caribbean and the Pacific, is a crucial element in the context of a United Nations programme for ascertaining the political status of the Territories,

Welcoming the Pacific regional seminar on the theme "Implementation of the Third International Decade for the Eradication of Colonialism: towards the achievement of the Sustainable Development Goals in the Non-Self-Governing Territories – social, economic and environmental challenges", held by the Special Committee in Saint George's and hosted by the Government of Grenada from 9 to 11 May 2018, as a significant and forward-looking event, which enabled the participants to assess progress made and address challenges faced in the decolonization process, review the existing working methods of the Committee and renew its commitment to implementing its historic task,

Recognizing the importance of the conclusions and recommendations adopted by the seminar, which are annexed to the report of the Special Committee[5] and which outline the findings of the seminar, including, especially, the way forward for the decolonization process within the context of the proclamation by the General Assembly of the period 2011–2020 as the Third International Decade for the Eradication of Colonialism,[6]

Noting with serious concern that the Territory last participated in the activities of the Special Committee in 2004,

Taking into account the unique character of Pitcairn in terms of population, area and access,

Aware that the administering Power and the territorial Government have implemented a governance structure to strengthen administrative capacity in the Territory, based on consultations with the people of the Territory,

Cognizant that the administering Power and the territorial Government have developed and reviewed a five-year strategic development plan, covering the period from 2014 to 2018, that sets out the views and aspirations of the people of the Territory for the socioeconomic development of the Territory,

Aware of the assessment made in 2013 that the population of the Territory needs to be boosted if the Territory is to have a sustainable future and of the approval by the Pitcairn Island Council of an immigration policy and a repopulation plan, covering the period from 2014 to 2019, designed to promote immigration and repopulation and bring people with the necessary skills and commitment to Pitcairn,

Noting with concern the findings contained in the final report on the survey commissioned by the Pitcairn Island Council to ascertain whether members of the diaspora had any interest in returning to the Territory and the factors conditioning a decision,[7]

Recalling that a marine protected area was established around Pitcairn in September 2016,[8]

Noting the elections for the Island Council and Deputy Mayor which took place in November 2017,[9]

11. *Reaffirms* the responsibility of the administering Power under the Charter to promote the economic and social development and to preserve the cultural identity of the Territory, and requests the administering Power to take steps to enlist and make effective use of all possible assistance, on both a bilateral and a multilateral basis, in the strengthening of the economy of the Territory;

12. *Takes into account* the 2030 Agenda for Sustainable Development,[10] including the Sustainable Development Goals, stresses the importance of fostering the economic and social sustainable development of the Territory by promoting sustained, inclusive and equitable economic growth, creating greater opportunities for all, reducing inequalities, raising basic standards of living, fostering equitable social development and inclusion and promoting the integrated and sustainable management of natural resources and ecosystems that supports, inter alia, economic, social and human development, while facilitating ecosystem conservation, regeneration, restoration and resilience in the face of new and emerging challenges, and strongly urges the administering Power to refrain from undertaking any kind of illicit, harmful
